The Presidents Message...

Happy Thanksgiving!

This Special Edition newsletter will serve as our official notice to all club members to have a safe and healthy holiday.

We would also like to share with all the club members that could not attend our open house, (like me... who due to a pre-planned holiday vacation, had me out of town for the open house) that the event was one of our best ever with a very large spectator turnout.

Enjoy the pictures included in this special edition "TURKEYFLY" newsletter as well as the ones that are on the web on the turkey fly page, but for sure you should be at the next open house and be *in the pictures...*

I know I will be.

**Shut Up and Fly,
Ray**

Doug Christensen was in control of this "Open House" from beginning to end and he has "raised the standards" as to the level of how this club does things! From total flight line control, Safe procedures at all times to the Flight demos performed, the day was as good as it gets! His staff that worked countless hours needs to get a huge "round of applause" for the success of this event. You will see by the following pictures just how "big" a day it was.

Again, Doug...many thanks and a "job well done".

And the parking was...well what it was, a full house!

450 Hotdogs, At least 12 cases of Soda (probably more),6 boxes of chips (50 bags per). 4 cases water
20 Publics gift certificates, About 75 pilots, Unknown number of spectators (parking lot was full!)
Tons of smiles...

AND NOW FOR THE DEMOS... A quote: - "Especially when David and Stephan had the two Yaks stacked, one on top of the other, torque rolling down the runway. I have NEVER seen that in any magazine." Doug Christensen

All I can say is... I hope you were there! If not be sure you come to the next event.

We are the Palm Beach Radio Control Association.

The largest RC Club registered with the AMA!

We set the standards for fun and fly the safest in this hobby and we can prove it, just come watch us fly...
