an AMA "GOLD LEADER" CLUB

The President's Corner

So here we are coming to the end of another season, we should be seeing members leaving to go back up North. Unfortunately, this season is different with the onset of the Coronavirus which has effected us all.

During the next few months we all need to band together to get our nation through this most difficult time. It's up to all of us to slow the spread of this virus. To do this we all must practice social distancing and avoid social gatherings. Stay-up-date on the current information. So far the parks has allowed us to remain open as long as we practice social distancing. We are privileged to be able to continue flying with the onset of so many businesses closing their doors, so let's make sure we all stay safe.

As you know we were supposed to have our parking lot paved this Spring; in light of the current situation that has been put on hold till after the crisis.

On a lighter note, I'm sure you all are aware that I have been working very hard to solidify my relationship with the Secret Service and the FAA. And because of this we are now getting more waivers then before, including getting two waivers without having a fund raiser(which is huge.) I foresee us getting even more waivers in the future.

We have seen a lot of changes over the past few years, and I think we have one of the best clubs in the country. I have seen more members volunteering during our events, which makes me really proud. We are getting a new container thanks to the generosity of Chris Lavin and several members who have donated over \$2700. We also have a new member who has agreed to overhaul our much needed press box.

We have postponed our last event, the fund raiser for the Joe D'Maggio Children's Hospital to April 19,2020, this is subject to change depending on what happens with the Coronavirus. So far this year we have raised close to \$8,000 for various charities.

Again I would like to impress on all the members the importance of safety, remember we are all safety monitors, so if you see someone flying unsafe please do not hesitate to say something.

Airspeed, altitude and luck; you need at least two of these !

Palm Beach Radio Control Association Field Safety Rules

Last Modified: 5/10/2012

All Members and guests must follow the AMA Safety Code as defined by the Palm Beach County Parks and Recreation Department.

In addition to the rules implied above, the following Club Safety Rules apply.

Section 1: General Rules.

1) Rule deleted.

2) Pilots **MUST** contain an extra copy of these rules when on field.

OFFICERS & DIRECTORS - REPORTING IN !

A Message From the Vice President:

Wow, it has been a very interesting year so far!

From the FAA situation to an unprecedented event with the Corona Virus, and its only the first quarter!

With so much going on in the world, it is always nice to have a sanctuary to go to. This is what our club is all about: Friendly faces, good conversations, and the therapy of flying.

I have been a member for a little over 2 years now, and I have to say it has been a wonderful experience to see all our fellow members in the morning and on weekends! It is such a great feeling to get an excited new pilot up in the air for the first time, and to see their face when they land. Truly exhilarating!

It is also a great feeling when we have a job to do at the field and the call goes out to volunteers. At first, I wondered how many people would sign up, but each time I am taken aback by all the folks who come out to help. That is one of the signs of a great club.... great members!

We may be a Gold Leader Club with the AMA and we may have one of the nicest runways around, but having members that setup birthday parties for other members, a president that gets us waivers because she truly cares about us being able to fly, and a board that, even when things get tough, continues to keep things organized and moving forward. Those are the things that make us special! That is what makes this our family, and why I am proud to be a part of the Palm Beach Radio Club Association!

So, when times are tough, and things look dire, remember we are a flying family. All you have to do is ask, and I bet you will have more than a few who offer to be there for you!

Sincerely,

Joe Ramos
Vice President

Chris Lavin - Treasurer

For information regarding the treasury report please contact our Treasurer, Chris Lavin; e-mail: chrispbrca@gmail.com

OFFICERS & DIRECTORS - REPORTING IN !

A Message From the Secretary/Membership Desk:

Spring has sprung and so has our new online membership application. I'm happy to report that it has become a very popular tool. Many members are taking advantage of the ease of renewing online and we have had approximately twelve new members join the club since the new procedure was put into place. When it comes time to renew, I strongly suggest you check it out and save a tree!

Stay safe and most importantly, stay healthy everyone.

Ellen Hoffman

Secretary and Membership Chair

A Message From the Chief Safety Officer:

Just a reminder; don't go out into the woods alone, or in the very least, make sure that someone at the field knows you are going out there. Also, be sure to exchange cell phone numbers so you can reach them in case of an emergency. Just recently we had an incident of a member going into the woods to retrieve his plane. He stepped into what he thought was a shallow stream and sunk up to his waist in mucky water. He had to pull himself out by grabbing onto a hanging branch. The first branch he reached for broke and fortunately there was another one he could reach. Thank goodness for the branch!

And another reminder that when you are in the pilots box, always make your intentions known loud and clear and be sure that you get acknowledgement from the other pilots.

As always, fly safe.

Joe Serino - aka 'Long Island Joe'
Chief Safety Officer

NEWS AROUND TOWN!

Club Membership Renewals:

You **MUST** have a current AMA membership card to fly at Westervelt Field. This is a requirement of the Palm Beach County Parks & Recreation Department.

Also, please note that we will not create your PBRCA membership card unless you have a current AMA membership card. The Club Membership form is available on the PBRCA web site, this newsletter, or at the field in the press box.

Looking for an "Event" in the area, or across the country? What about a club meeting or registering for an event? Are you hosting an event? Want to learn about an event?

Find it all and do it all, for free, at RC Flight Deck !

Check it out at: <http://www.rcflightdeck.com>

Chris Lavin
Chief Flight
Instructor

From the Flight Line

The Palm Beach Radio Control Association has instructors offering **NO CHARGE** lessons to members interested in learning how to fly radio controlled aircraft.

INSTRUCTOR/TRAINERS:

FIXED WING (AIRPLANES)

*Chris Lavin 321-279-4289
Joe Ramos 561-252-5189
Ricardo Ralmondo 954-470-8485

ROTARY (HELIS, DRONES)

Rich Schultz 561-379-3116

If you would like to volunteer to be a trainer please contact our
Chief Flight Instructor: chrispbrca@gmail.com

If you require training, please call one of the instructors and arrange to meet.

TRAINERS ARE NOT RESPONSIBLE FOR DAMAGE TO YOUR AIRCRAFT

www.palmbeachrc.com

IMPORTANT CLUB NEWS

The 2020 Club Membership/Renewal application is available in this newsletter (on page 23, 24); in the 'Press Box' (at the field) and online, at our website. New members and renewals must complete (and sign) the 2020, 2 page application with your payment.

Also, check our website for the 2020 Membership Application!

Club E-mail Notifications

You should be receiving e-mail notifications for the monthly general membership meetings and semi-annual newsletter publication. If you are not receiving our e-mails, please let Ellen know (e-mail: ellenhpbrca@gmail.com) your e-mail address and we will update our records. If you want your name & phone number removed from our website list, also contact Ellen at: ellenhpbrca@gmail.com

Club e-mails will come from:

pbrcagroups@gmail.com

FAA sUAS REGISTRATION

All sUAS (small Unmanned Aircraft Systems - (0.55 lbs. up to 55 lbs.) pilots must register with the FAA. For more information and registration online go to:

<http://www.faa.gov/uas/registration/>

Photo Corner

This photo was submitted by:
"brooklyn joe"

**Does anyone know the name of
this Military Aircraft ?**

FOR MORE INFORMATION SEE PAGE 19

SAFETY TIPS:

1. Please do not linger on the runway when picking up your airplane. It is important that you vacate the runway as quickly as possible as long as its safe to move your airplane.
2. Do not park your airplane on the main taxiway, as it makes it difficult for pilots to taxi out to the runway and to taxi back after landing. Many parked planes have been struck on the taxiway. Be smart, park elsewhere.
3. When crossing the runway, please make sure that you get acknowledgement from all active pilots (in the pilots' box) that it is ok to cross the runway. Do not walk diagonally across the runway; always cross perpendicular to the runway for safety.

You must have a current, 2020
AMA Membership Card to fly at
Westervelt Field after January 1, 2020

IMPORTANT CLUB NEWS

The PBRCA has been monitoring the lake for hazardous conditions and at this time “LAKE FLYING” is OPEN until further notice. Please check back here for any new information.

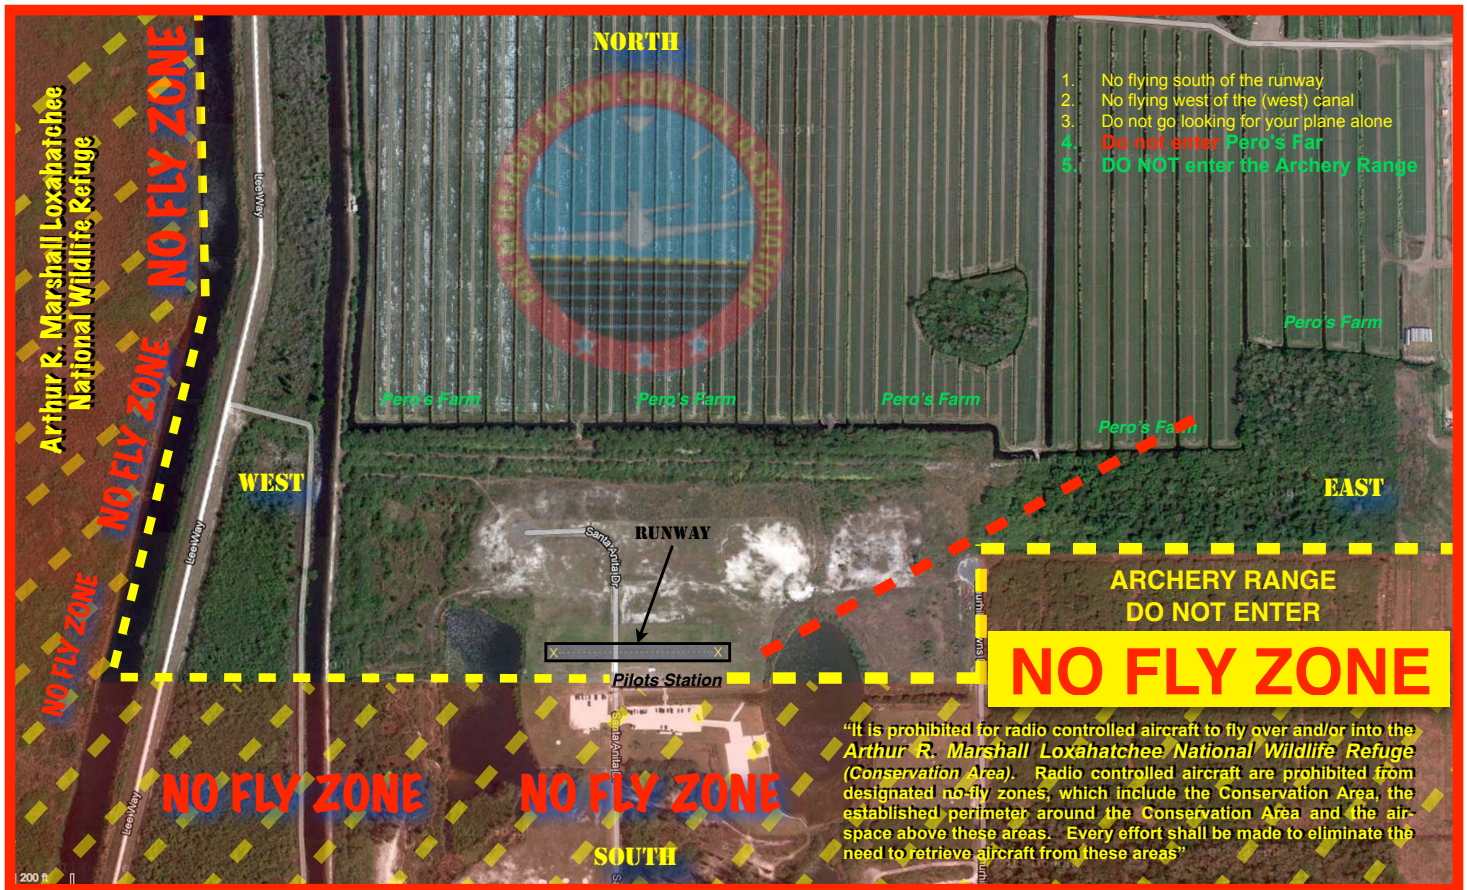

The membership has approved the proposed rules for flying off 'West Lake'; at our May 9, 2016 membership meeting. The changes and additions are now incorporated into our Safety Rules as Revision K (rev.k).

The revised safety rules and the map have been posted on the window of the press box and on our website, and can be accessed at:

http://media.wix.com/ugd/e50535_48e41b68e210474aa92c5af389be5d8c.pdf

Palm Beach County has previously established “flying” boundaries and we need to adhere to those restrictions. There is an aerial map showing the boundary lines for west & south flying and it is posted in the bulletin board located at the “impound”. Our club has already been warned about flying over the Everglades by a Federal Wildlife Officer. You must fly within the designated boundaries!

The 'FIELD SAFETY RULES' (rev. k) can be viewed here:
http://media.wix.com/ugd/e50535_48e41b68e210474aa92c5af389be5d8c.pdf

SAFETY FIRST!

As the park gets more and more popular, we are going to see more and more patrols by the Sheriff's Department. The park speed limit is **25 mph and stop signs, mean STOP!** Do not risk an expensive ticket by becoming complacent. Also watch for 'flying saucers' (frisbees) ! Save your money for a new plane, battery, servo or radio.

Slow Down & Stay Safe!

HOT - OFF THE NEWSWIRE

SMART,
BE SAFE!**

**BE SAFE,
BE SMART!**

RECREATIONAL KNOWLEDGE AND SAFETY TEST UPDATE

The FAA announced on Monday, Dec. 9 that they have selected 12 organizations, including AMA, to make recommendations for the administration of the upcoming recreational knowledge and safety test. In September, AMA submitted a request for information (RFI) to show interest in becoming an administrator of the test. The knowledge and safety test is one of the eight statutory requirements found in the Exception for Limited Recreational Operations of Unmanned Aircraft to operate as a recreational flyer in the NAS. If you have questions, please contact us at (765) 287-1256 or amagov@modelaircraft.org.

FAQ:

Q: I have seen communications about an upcoming test. What is this?

A: Soon, all recreational flyers will have to pass the recreational knowledge and safety test. Completion of the test is one of the eight statutory requirements to operate under section 349, the exception for limited recreational operations of unmanned aircraft.

Q: When will the test become available?

A: There has not been a set release date for the test, but it will likely be rolled out in early 2020. We will continue to update our member communication platforms when new information becomes available.

Q: Who will have to take this test?

A: All recreational flyers will have to pass the test once it comes out. It is written into law and required of all recreational flyers to pass the test and maintain proof of passage. While we don't have plans to require the test for membership, we should keep in mind that the FAA could require testing for our members as a requirement for CBO recognition.

(continued next page)

Q: Will there be a fee associated with taking the knowledge and safety test?

A: If the AMA decides to administer the test, we plan to provide the test to our members at no additional cost.

Q: What will the test look like? I am nervous that I will not pass.

A: AMA has been working closely with the FAA through the entire testing process and we held a seat on the testing review board to help develop the questions. This helped steer the direction of the test and gave the perspective of a recreational flyer. We are being told that the test will be approximately 25 questions. If the tester misses a question, the test will bounce back to the question and have information for the tester to read and reselect an answer. The test will not be as extensive as a [part 107 test](#).

Q: I would like to study for the test. How can I go about doing so?

A: The plan is that AMA will begin with education and outreach around the knowledge and safety test requirement, followed by an interactive and flexible online or in-person testing platform that allows the test taker to learn. Lastly, we plan to provide proof of completion/passage via email and follow-up to retake the test as required by the FAA.

Q: Will the test be reoccurring, or will I only have to take it once?

A: Some details regarding the test are not clear yet, therefore, we are not sure if this will be a one-time-only test or will have to be retaken after a certain amount of years. AMA has proposed different solutions for members regarding a reoccurring test.

Q: Where will the test be administered, online-only or will it be written?

A: Currently, there is not a definite answer to where the test will be administered. AMA has asked that a written and an online test are available to the public to take. We want our clubs and members to have the opportunity to take a written test at a fixed location.

Q: What is the minimum age for the test? How are children going to be able to pass this test?

A: The test will be available for all ages, however, children under the age of 13 will need consent from their parent or guardian. AMA works to ensure the safety of all members including those under the age of 13.

Photo Corner**CONVAIR XF-92**

The **Convair XF-92** (originally designated **XP-92**) was an early American delta wing aircraft. Originally conceived as a point-defence interceptor, the design was later used purely for experimental purposes. However, it led Convair to use the delta-wing on a number of designs, including the F-102 Delta Dagger, F-106 Delta Dart, B-58 Hustler, the US Navy's F2Y Sea Dart as well as the VTOL FY Pogo.

FAA REGISTRATION

Effective February 25, 2019, the FAA Interim Final Rule (Part 48) requires **ALL** unmanned radio controlled aircraft **PILOTS** flying unmanned aircraft weighing more than .55 pounds and up to 55 pounds (airplanes, helicopters, jet turbines, drones, quads, etc.) to register with the FAA and affix their assigned FAA Registration number to the '**EXTERIOR**' of **ALL** aircraft that they fly.

FAA Registration website:

<https://faadronezone.faa.gov/#/>

TIPS & TRICKS

AFFIXING YOUR FAA REGISTRATION NUMBER TO THE EXTERIOR OF YOUR AIRCRAFT

The FAA Temporary Interim Final Rule (Part 48) effective February 25, 2019 does not specify a size or location for affixing your FAA number to the outside of your RC Aircraft.

Custom 'water slide' decals: You can purchase water slide decal paper for your home printer and make custom water slide decals in any size, any color and any font that you want. They can be placed anywhere on the exterior surface of your aircraft.

Permanent Marker: You can purchase permanent markers in a variety of colors and write your FAA & AMA numbers on the exterior of the aircraft. Or write it on clear scotch tape, or packing tape and create a 'removable' label for when you sell the aircraft.

Masking Tape & Marker: You can purchase masking tape in different sizes (width) and create a removable label with a marker pen.

Vinyl Decals: You can purchase custom made press-on vinyl decals in a variety of colors, sizes and fonts (I know a 'guy' at the field) !

The FAA Registration number is registered to **YOU**, the pilot, and that registration number must be applied on the exterior of **ALL of your aircraft**.

You can apply the FAA registration number anywhere on the exterior of the aircraft, including the back of the propeller, underside of the wings or elevator, or below the elevator on the fuselage if you don't want it to be prominent.

Ps - If you have an FAA Part 107 license (Commercial RC pilots), you must register EACH aircraft separately and put the unique registration number assigned to that aircraft on only that aircraft.

Palm Beach Radio Control Association

You must have a current Academy of Model Aeronautics (AMA) membership (which provides you 2.5 million in insurance), to join the Palm Beach Radio Control Association.

MEMBERSHIP WAIVER

Palm Beach Radio Control Association (PBRCA) Complete this REQUIRED form ONLY if you are an adult ADULT (18 and Over). *If applicant is under 18 waiver must be completed and signed by parent or legal guardian.*

REQUEST, RELEASE AND WAIVER OF ALL CLAIMS AGREEMENT

I, PRINT FIRST & LAST NAME, hereby request that the Palm Beach Radio Control Association (PBRCA) allow me the privilege of flying radio controlled aircraft at Westervelt field. I have been informed of and I know the risks and dangers involved in the operation of radio controlled aircraft, and that unanticipated and unexpected dangers may arise during such activities and I assume all risks of injury to me and my property that may be sustained in connection with the stated activities, including, without limitation, the potential crash and loss of my aircraft and its on-board equipment and personal injury.

In consideration of the permission granted to me to participate in the stated activities, I do hereby, remise and discharge PBRCA, board members and volunteer flight instructors in the stated activities of and from all claims, loss, damages, demands, actions, and other causes of action of any sort, for injuries to person and/or property during or as a result of participating in any of the activities contemplated by this Agreement, whether such loss, damage, or injury results from the negligence of PBRCA, their officers, board members, volunteer flight instructors or from any other cause.

I represent and certify that I am over 18 years old, and that I am a member in good standing of the Academy of Model Aeronautics (AMA), or parent or legal guardian of minor applicant.

I HAVE READ, UNDERSTAND AND AGREE TO THE FOREGOING REQUEST,

IMPORTANT – Please Read: All applicants should be aware and understand that the activities involved in the flying of model airplanes and helicopters are not without some degree of hazard. Therefore it is the obligation of all members and guests to abide by AMA, PBRCA, and common sense safety guidelines to minimize these hazards and to assist the PBRCA Board in their attempt to provide a safe environment for all members and visitors. The PBRCA club, its Board of Directors, individually or collectively, will not be held liable for incidents involving injury or property damage, including, but not limited to, loss of aircraft. By submitting this membership application, you hereby acknowledge and accept these conditions.

APPLICATIONS WILL NOT BE PROCESSED UNLESS ALL REQUIRED FORMS, DOCUMENTS AND PAYMENT ARE SUBMITTED AND COMPLETED CORRECTLY.

SAFETY RULES: http://www.palmbeachrc.com/PBRCA_safety_rules_revH.pdf

I have read the updated PBRCA "Safety Rules" and agree to abide by all the safety rules, including those rules & restrictions posted by Palm Beach County.

WORKS FOR YOU

AIRMAP FOR DRONES (APP)

The AMA has partnered with the 'Airmap' for Drones (an 'app'), the world's leading airspace management platform for unmanned aircraft, to integrate a situational awareness app for drone pilots. The app is available through Google Play and the iOS App store !

For more information about the AIRMAP app, go to:

<https://www.airmap.com/airmap-for-drones/>

AMA NEWSLETTERS

Did you know that your Academy of Model Aeronautics membership includes a wealth of information, and it is available for free, at the AMA website.

An area that may be of interest to you is the 'publications' tab on the main website page: www.modelaeronautics.org; and in particular, the '**Media Minute**' and '**Roto Report**' newsletters.

You can subscribe to any of the newsletters and get them delivered right to your e-mail inbox, as soon as they are published.

Media Minute is a new electronic newsletter that is designed to give you a quick look at stories you might have missed from Model Aviation and other media channels.

Roto Report is an e-mail newsletter that is specifically focused on model helicopter and multirotor enthusiasts and features content from Model Aviation magazine, as well as AMA's other media outlets.

AMA Newsletters

As a part of AMA's ongoing effort to promote the hobby, we have multiple newsletters that go cut to members and non-members. *Cloud 9* keeps Patrons of the National Model Aviation Museum informed on developments, acquisitions, and educational elements with the museum. The *Nats News* is a daily publication of the National Aeronautics Championships. *AMA Today* is a bi-weekly newsletter to the membership. *Flightline* is a youth focused newsletter. *Ground Control* exchanges information between chartered clubs and AMA officials. *Media Minute* is a membership newsletter that features articles from our magazine *Model Aviation*. And *Rotor Report* is our bi-monthly newsletter focused on the multi-rotor community.
